Michael and Julissa,

Good morning. I see that there may be another release of documents this week, maybe as early as tomorrow. Accordingly, I thought I would take that as an opportunity to check in on the first requests below. Would it be possible to do a rolling production? Happy to discuss further, if necessary.

Thanks!

**Subject:** Follow Up

Michael,

As discussed yesterday, I am writing to request an initial batch of items from your clients. For all victims, DOJ and FBI request the following:

1. Any released files that are believed to be fake or modified and, if applicable, the original, unmodified file; and
2. 24-36 released files that were not circulated outside each of victim organizations (e.g., the donor list that was mentioned during our meeting) and a preliminary indication as to whether any of these may have been modified.

For DCCC only, we request access to data and/or employees that could speak to the two screenshots at the bottom of this e-mail as having been created from an amalgamation of files or directories on the DCCC network. We believe that DCCC and/or CrowdStrike may have looked into these screenshots between on or about September 2 and 6, 2016.

Finally, as Sarah mentioned during the meeting, some media reporting referred to an ongoing DNC effort to review documents to see if any had been "forged." To close the loop on that, we pulled up the following from a USA Today article regarding the September 13, 2016 information release: "In response to that most recent leak, DNC interim chair Donna Brazile stated that their 'legal team is now in the process of reviewing these private documents, and attempting to confirm their authenticity, as it is common for Russian hackers to forge documents.'"

We'll provide the more comprehensive wish list by the end of the week.

Thank you.

Hi Adrian,

Following up on your conversation with Michael this afternoon, I wanted to confirm the information we received from the DCCC regarding the screenshots. The DCCC confirmed that the first screenshot (beginning with "2015 Events," "2015 Holiday Lists" folders) does reflect part of their server. The second screenshot, however, does not appear on their server like it appears in the released document. For example, they could not find a folder named "Pelosi Vote Email" or a document labeled "1 713 Pelosi DCCC renewal fundraising letter Q1" anywhere on their internal system. They said that it was possible that some of the files or folders in that screenshot did exist on their server, but that the format was certainly wrong and they were unable to find some of the documents from the screenshot at all.

FBI-DWS-05-0001999

If you have a few minutes, I'd like to follow up by phone to talk about hashing the released and original documents and running a comparison--Michael mentioned that you had some ideas about how to do so. I was wondering if you could talk me through them, and then we can figure out what makes the most sense for the DNC and DCCC. Let me know what's good for you.

Thanks,  
Julissa

Elvis,

Here's the information from CrowdStrike:

The images requested by the FBI are approx. 3.1 TB of data. Pulling, encrypting, and transferring the data, and shipping the drives will require approx. 10 hours of labor. plus associated expenses.

Our clients are paying \$375/hr = \$3,750 in fees.

Add approx \$140 for the drive to which images will be transferred.

Add shipping rates.

And we're looking at around \$4,000.00

(There are no legal fees from my firm incorporated into this estimate — it's just the time, materials and incidental costs for CrowdStrike.)

Please advise.

Michael

**Subject:** Follow Up

Michael,

As discussed yesterday, I am writing to request an initial batch of items from your clients. For all victims, DOJ and FBI request the following:

1. Any released files that are believed to be fake or modified and, if applicable, the original, unmodified file; and
2. 24-36 released files that were not circulated outside each of victim organizations (e.g., the donor list that was mentioned during our meeting) and a preliminary indication as to whether any of these may have been modified.

For DCCC only, we request access to data and/or employees that could speak to the two screenshots at the bottom of this e-mail as having been created from an amalgamation of files or directories on the DCCC network. We believe that DCCC and/or Crowdstrike may have looked into these screenshots between on or about September 2 and 6, 2016.

Finally, as Sarah mentioned during the meeting, some media reporting referred to an ongoing DNC effort to review documents to see if any had been "forged." To close the loop on that, we pulled up the following from a USA Today article regarding the September 13, 2016 information release: "In response to that most recent leak, DNC interim chair Donna Brazile stated that their 'legal team is now in the process of reviewing these private documents, and attempting to confirm their authenticity, as it is common for Russian hackers to forge documents.'"

We'll provide the more comprehensive wish list by the end of the week.

Thank you.

Hi Michael,

Thank you for the note. As we just discussed under a separate email thread, CrowdStrike wants to assist with this effort and, given the nature of the past activities and our commitment to supporting our friends at the FBI, we're going to move ahead with providing the information at no additional expense to anyone.

Our team is in the process of gathering this data now and we'll just need to know where the FBI would like this data to be sent. Agents Chan, Cheeks, and Hawkins, can you please let us know? Ryan McCombs will coordinate delivery from our end.

Thank you,  
Justin

Ryan and Justin,

Regarding the FBI requests under discussion, I have copied Agents Chan, Cheeks and Hawkins. They are asking whether FBI computer forensics personnel can come "onsite" to conduct the imaging. I'm not clear in this context what "onsite" means, i.e., is the data with you or with the DNC and DCCC? So I am connecting CrowdStrike and the Bureau to discuss directly on this email chain.

Thanks,

I called Julissa very quickly to see whether, when they send along examples of altered documents, they could also send us the original, unaltered document. She said "absolutely," and is working to get us the original "DNC Research" document referenced below. SF, could you pull a copy of the allegedly altered document from the Wordpress site with your fancy malware-proof computers?

She also said that she expects to be sending along some more over the coming days.

Hi all,

We received a couple of examples of internal and altered documents from the DNC today. They explained the following regarding research products:

There are a number of documents that originated at the DNC but were sent to other people, so I don't know that we can assume they were stolen from us.

There are, however, a couple of emails that were only sent internally, including the one by Lindsey Miller that was published earlier this week: <https://guccifer2.wordpress.com/2016/10/18/trumps-taxes/>

The Trump report released in the first posting was created by DNC Research, but a status memo was removed and the font was changed: <https://guccifer2.wordpress.com/2016/06/15/dnc/>

They are still looking into whether they can identify additional documents. I will continue to follow up, and to update you all with any additional information.

Best,  
Julissa

# Trump's taxes: Clinton campaign prepares a new provocation

I found out something interesting in emails between DNC employees and Hillary Clinton campaign staff. Democrats prepare a new provocation against Trump. After Trump sent his financial report in May it appeared on DNC servers at once. DNC rushed to analyze it and asked the Jones Mandel company to make an effective investigation. I won't be surprised if some mainstream media like the New York Times or CNN publish soon Trump's financial docs. No doubt who could give them.

P.S. To confirm my words I publish some screenshots of the DNC emails and the first pages of the DNC docs.

Trump  
statement

I believe in the last week or so someone compiled a doc on Trump calling on others to release their returns. If true (and tell me I made it up before creating something new!) can it be re-circulated?

Re: Additional Trump FOIAs

---

We have begun reviewing the FOIAs the DNC has sent to date and the records received. This is the first of several memos we will put together with recommendations for additional FOIAs. This memo focuses on several specific areas that may be ripe for additional public record research:

- State and municipal economic development agencies
- Records related to Trump Mortgage
- Federal Lobbying Records
- State Lobbying Records
- Tax Assessments
- New York State and New York City officials
- USDA records relating to Trump Steaks

Our team is available to write these FOIAs, which can then be sent by the DNC.
